EDUCATION

- Dr B R Ambedkar university college of engineering, Srikakulam | Bachelor of Technology | Computer Science and Engineering | May 2024 | 78%
 - Narayana junior college, Visakhapatnam | Intermediate (XII) | MPC | Feb 2020 | 89%
 - Zilla Parishad High School, Vizianagaram | Secondary Education (X) | March 2018 | 83%
-

SKILLS

- ❖ **Backend** – Python, Object Oriented programming (OOPs), Data Structure, Node.js, Ejs, Rest API's, Middle wares.
 - ❖ **Frontend** – Html, CSS, JavaScript, React.js
 - ❖ **Frameworks** - Express.js, Bootstrap
 - ❖ **Database** – MySQL, Stored Procedures, Triggers, MongoDB
 - ❖ **SDLC** – Software development life cycle.
 - ❖ **Tools** – MS-Word, MS-Excel, PowerPoint, Git, Git Bash, Linux operating system
 - ❖ **Soft Skills** - Problem solving, Management Good time management skills, Good written & verbal communication skills, Teamwork & collaboration, Problem solving skills, Creative thinking, Strong analytical skills, Critical thinking
-

PROJECTS

- ❖ Campus connect Application:
 - Developed a comprehensive mobile application for engineering college students to access their essential details effortlessly. The app Provides Results, College Fee, Previous year Papers, Syllabus Papers.
 - The application was developed using UI/UX design, Flutter, Dart, MySQL database management.
 - "I am done this project using Agile methodology, covering all phases of the Software Development Life Cycle (SDLC), including planning, design, implementation, testing, deployment, and maintenance.
 - This application was completed in February 2024 to April 2024.
 - ❖ Responsive weather website:
 - I developed a weather-based website designed to provide users with real-time weather information. The site features current weather conditions, forecasts, and historical weather data for various locations."
 - The website was built using HTML, CSS, Bootstrap, JavaScript and React.js. I used weather "Open weather map" API to fetch real-time weather data.
 - I am done this project using Waterfall methodology, covering all phases of the SDLC.
 - This website was completed in May 2024 to June 2024
-

CERTIFICATES

- ✓ Microsoft Technology Associate for Introduction to Programming using Python
- ✓ Certified by Hacker Rank for MySQL
- ✓ Certified by Hacker Rank for Java (Basic)
